

Preformed insulated pipes
and isolation valves.

HIAC02BVPACK

Lower connections pipe kit part code **HIAC02BVPACK**

Contents

4 qty preformed insulated pipes with 3/4" union nuts and flat face flanges.

4 qty 3/4" MxM isolation ballvalves.

12 qty fibre gaskets

Description

Set of 4 preformed pipes to bring the lower secondary connections 'back to the wall' without the installer having to use pipe fittings or bending pipes. Using preformed pipe kits save time and reduce costs.

Fitting Instruction

Install using the fibre gaskets to make a watertight seal.
Angle the pipes to achieve the correct 'clip height'.

Note

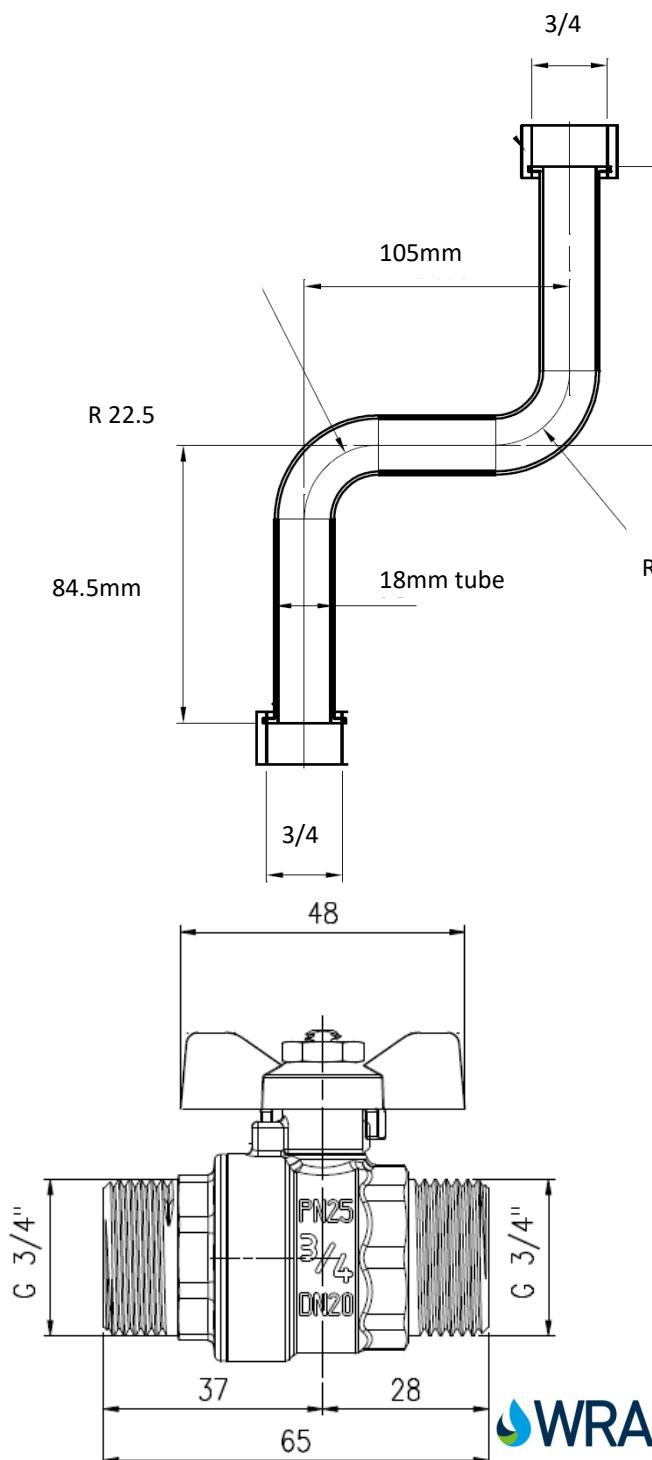

Preformed pipe without insulation

Sold individually, part code **SO1103**

Use with isolating ball valve pack part code **HI2ACISO**

Dimensions HIAC02BVPCK

Isolation ball valve pack
Part Code HI2ACISO

2 x red handles
2 x blue handles
